PRODUCT INFORMATION GUIDE

Electrical Alkaline Water Ionizers in Dubai

Aqua Best supplies electrical alkaline water ionizers as well as alkaline RO purifier options. Ask for the model, manufacturer's specifications and installation requirements that match the equipment you intend to buy. Pricing is quotation only.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Compare the actual manufacturer information

Before ordering	Confirm for the offered model
Water and filtration	Permitted feed conditions, included filters and model-specific performance information.
Outputs and settings	Manufacturer-specified operating range and intended uses.
Installation	Water connections, power supply, dispensing and required space.
Ownership	Cartridge availability, cleaning guidance and written warranty terms.

Distinguish an electrical ionizer from alkaline RO

Electrical ionizers use a powered process to produce their specified water outputs. An RO purifier with an alkaline or mineral stage is a different type of equipment. The names should not be used interchangeably when comparing quotations or replacement filters.

Aqua Best's existing 8 stage product page describes an alkaline RO purifier. If you want an electrical ionizer, state that requirement explicitly so the quotation identifies the intended appliance, its filtration and its connection arrangement.

Request a model-specific quotation

Tell the team whether you need a countertop or another installation arrangement, together with the available space and water connection. Share any existing appliance model if the enquiry concerns replacement or an upgrade.

The quotation should identify the manufacturer and model, included accessories, installation work and service requirements. Current availability, price and warranty terms are confirmed for the equipment proposed, without assuming every ionizer has the same features.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Can you publish a fixed ionizer price?

Aqua Best uses quotation-only pricing. Ask for the model, included accessories, installation and written warranty scope in the proposal.

What should an ionizer installation enquiry include?

Provide the intended use, water information, kitchen photos and available connections. Ask the quotation to identify the exact appliance, any prefiltration, installation work and replacement consumables.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
