PRODUCT INFORMATION - QUOTATION ONLY

Chemical Dosing Tank 1,000 Litres

A 1,000-litre nominal tank is an enquiry option for larger chemical-storage requirements. Check access dimensions, floor loading, containment and the complete filling and dosing arrangement.

A 1,000-litre nominal tank is an enquiry option for larger chemical-storage requirements. Check access dimensions, floor loading, containment and the complete filling and dosing arrangement.

Official Chemical Dosing Tank 1,000 Litres family reference. Exact supplied model/grade and accessories follow your quotation.

Product details

Nominal capacity	1,000 litres. Confirm usable fill level and working storage volume.
Body, shape and colour	Confirm the quoted tank construction, dimensions and colour. The illustration is a capacity reference.
Material selection	Confirm the actual tank grade and chemical compatibility. LDPE, HDPE and polypropylene are not interchangeable specifications.
Lid and venting	Specify the closure, ventilation and filling arrangement for the chemical.
Graduated scale	Confirm whether level markings are supplied and whether a calibrated volume scale is required.
Pump and mixer provision	Confirm the mounting platform, openings and any mixer or suction assembly.
Connections and containment	Specify inlet, outlet, drain and level-monitoring requirements; agree containment and support.
Included equipment	Tank, fittings, pumps, mixers and installation are included only as itemised in the quotation.

SELECTION AND MANUFACTURER REFERENCES

Choose the complete specification

Choose a refill interval using known chemical consumption and usable working volume. Nominal capacity divided by daily consumption provides a storage estimate only. Allow for the approved fill level, unusable volume and refill policy. This does not calculate or recommend a chemical dose.

Confirm actual dimensions, tank material, closure/venting, graduations, mixer and pump mounting, suction fittings, drain, level monitoring, containment and safe service access. Only itemised equipment and work is included.

Supply, installation and servicing

Quotation only. Send the exact product or complete model, required quantity, site location and work needed. Confirm availability, included equipment, charges and applicable warranty in the written quotation.

Manufacturer references checked 8 November 2026. A catalogue listing does not establish local stock or authorised-dealer status.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and service scope

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Domestic RO plans

Covered system	Scheduled visits	Included replacements
6-stage RO	4 scheduled visits over 12 months	Each visit includes replacement of the PP sediment, GAC, and CTO cartridges, where fitted. No additional replacement specified.
7-stage RO with UV	4 scheduled visits over 12 months	Each visit includes replacement of the PP sediment, GAC, and CTO cartridges, where fitted. 1 UV lamp replacement during the 12-month contract.
8-stage RO	4 scheduled visits over 12 months	Each visit includes replacement of the PP sediment, GAC, and CTO cartridges, where fitted. 1 alkaline cartridge replacement and 1 UV lamp replacement during the 12-month contract.

Other cartridges, membranes, pumps, UV components, and parts are excluded unless listed in the quotation.

Service specifications

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Tank, filtration-media and dosing-pump work is covered only when specifically listed in the customer quotation or signed contract. The domestic RO plans above do not automatically cover these products.

ANNUAL MAINTENANCE CONTRACT

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing and warranty

Quotation only. Product warranty terms are confirmed separately from the 12-month AMC. No additional warranty period or response time is implied.
