PRODUCT FAMILY GUIDE

Big Blue Jumbo Filter in Dubai, UAE

High-flow Big Blue filtration for homes, villas, offices, commercial properties and industrial applications.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Big Blue filter housing options

Available sizes

10" × 4.5" / 20" × 4.5"

Big Blue Jumbo filter systems

2-Stage Big Blue Jumbo Filter, 10 Inch

Aqua Filtration System, 10" × 4.5". A simple setup for sediment reduction at two filtration levels.

3-Stage Big Blue Jumbo Filter, 10 Inch

Aqua Filtration System, 10" × 4.5". Combines sediment filtration with activated carbon, for sediment plus chlorine and taste concerns.

2-Stage Big Blue Jumbo Filter, 20 Inch

Aqua Filtration System, 20" × 4.5". Bigger cartridge capacity and higher flow than smaller housings. Suits whole-house, commercial and other higher-flow uses, depending on the design.

3-Stage Big Blue Jumbo Filter, 20 Inch

Aqua Filtration System, 20" × 4.5". Sediment plus carbon filtration, a practical choice for larger filter capacity or higher flow.

3-Stage Big Blue Jumbo Filter with UV

For filtration and UV treatment together. UV is for microbial control and does not replace the sediment or carbon stages.

Big Blue filter maintenance

Replacing cartridges regularly keeps filtration performing well. How often depends on water quality, flow rate and daily usage.

Choosing the right Big Blue filter

Match the housing and cartridge to the required flow, connection size and documented pressure and temperature limits. Confirm the exact 10-inch or 20-inch cartridge dimensions and end arrangement; the description "Jumbo" alone is not a compatibility specification.

Sediment and carbon cartridges have different purposes. Send the housing label and cartridge code using the replacement cartridge guide. Where the requirement is hardness reduction or dissolved-salt reduction, discuss a softener or an appropriate RO system separately.

Installation and handover checklist

• Share the existing housing, cartridge or component model and clear label photographs.

• Confirm dimensions, connections, operating duty and compatibility before selecting replacements.

• Ask the quotation to identify each supplied part, any installation work and the future replacement requirements.

Common product questions

Can I get a quotation?

Yes. Send us your required flow rate, property type and treatment needs and we will recommend a suitable configuration.

Where is it installed?

For whole-house use, usually on the main incoming water line so water is treated before it is distributed through the property.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
