Design	Modern arch-style front

How to choose the right water dispenser

Compare the number of users with the busiest dispensing periods, particularly office breaks and shared pantry use. Confirm the quoted model's hot and cold water delivery, storage and recovery requirements; tank volume alone does not describe continuous dispensing capacity. The office water system guide helps you prepare a workplace enquiry.

Convenient dispensing with built-in RO

The Bottom Load Water Dispenser from Aqua Best brings easy operation, modern design and water purification into one practical unit.

Unlike traditional top-loading dispensers, the bottle sits at the bottom of the machine, so you never lift a heavy bottle overhead. With hot, warm and cold options, it suits homes, villas, offices, staff rooms, cafés and other commercial spaces across Dubai and the UAE.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Do you service dispensers in Dubai?

Yes. Send the dispenser model, location and work required to discuss supply, installation or servicing. Pricing is quotation only; the proposal confirms the equipment, connections and agreed service scope.

What is a bottom load water dispenser?

It keeps the water bottle in the lower section of the unit, so you do not have to lift it onto the top when replacing it.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
