PRODUCT FAMILY GUIDE

Whole House Water Filtration System in Dubai, UAE

Complete water filtration for your home or business, treating water where it enters the property.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

What determines a whole-house water filter cost in Dubai?

Quotation item	What to confirm
Filtration equipment	Housing or vessel sizes, cartridge or media selection, valves and the treatment purpose of each stage.
Flow and operating requirements	Peak demand, acceptable pressure conditions, service access and any backwash or drainage requirements.
Installation work	Connection position, isolation or bypass arrangement, fittings, delivery, commissioning and any additional site work.
Ongoing care	Replacement cartridge or media requirements, valve servicing and the tasks included in any maintenance proposal.

System components / treatment stages

Stage / component	Purpose
5 Micron Sediment Filter	Reduces suspended particles:
Activated Carbon Block Filter	Helps reduce:
1 Micron Sediment Filter	A finer sediment stage that adds another level of particle filtration before the next stage.

Stage / component	Purpose
Multimedia Filter	Combines media such as carbon and gravel to help reduce suspended solids, chlorine, colour, odour and selected organic compounds.

Installation and maintenance

Proper installation and regular maintenance keep filtration performing consistently. The schedule depends on water quality, daily use and the equipment installed.

How to choose the right whole house filter

Select the treatment stages around the incoming water, the outlets to be served and peak simultaneous use. Sediment and carbon filtration, hardness reduction and drinking-water RO perform different jobs. Discuss any measured hardness with the water softener options and use a separate home RO purifier where that is appropriate for the drinking-water requirement.

Installation and handover checklist

• Describe the treatment objective, incoming-water results and peak simultaneous property flow.

• Send photographs of the main inlet, proposed equipment space and access route.

• Confirm bypass, power, backwash or regeneration drainage where required, and responsibility for connection work.

Common product questions

Do you install in Dubai?

Yes. We install and maintain water filtration systems in Dubai and across the UAE.

How often should it be serviced?

It depends on water quality, flow and usage. Inspect cartridges regularly and replace them when needed.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
